Meeting Incentive Congress Events

In the Republic of San Marino

**We follow our vocation for
hospitality to organize
successful events.**

San Marino

The most ancient republic in the world.

A great environment that combines nature, culture and tradition with an intrinsic vocation for hospitality and the search for a complete product for the M.I.C.E. sector.

Between sea and hills, in the heart of Romagna.

San Marino is the perfect location for your event. The Republic is close to both Bologna (132 km) and Rimini (17 km) and offers a wide choice of beds in hotels and other exclusive accommodation facilities. All hotels are fully equipped and easily reachable from the highway, the train station and the airport. Some of them are located in the historic center of San Marino, a few steps from the main convention centers, some a few kilometers away, easily reachable with transfer services.

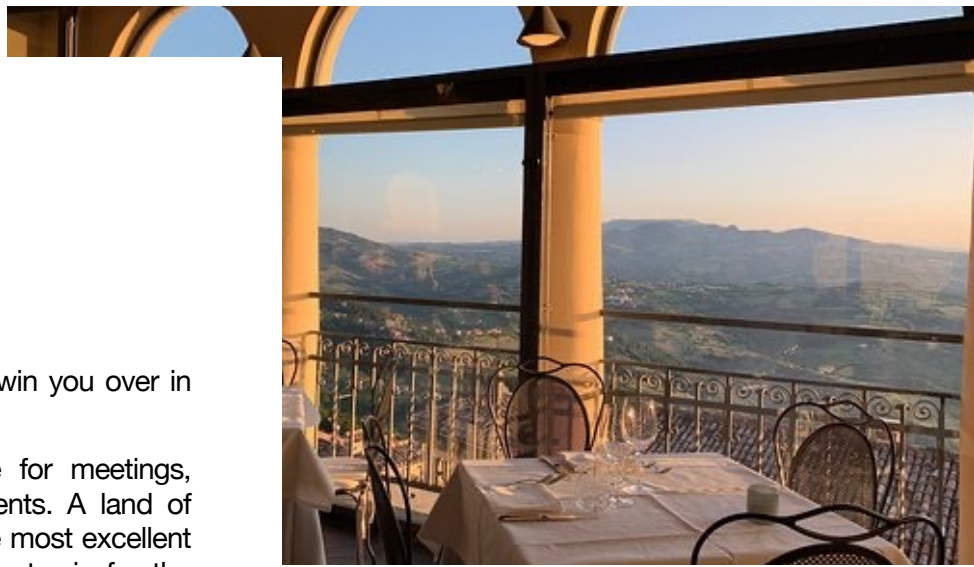

Congress & Meeting

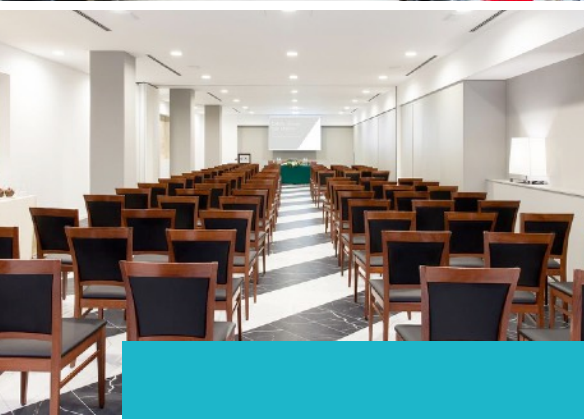

M.I.C.E 365 days a year.

Your events in a place that will win you over in every season.

San Marino is the ideal place for meetings, conferences, incentives and events. A land of hospitality, that gets together the most excellent services of the area into a perfect mix for the world of M.I.C.E.

Location e Sale Meeting

Unique venues for prestigious events.

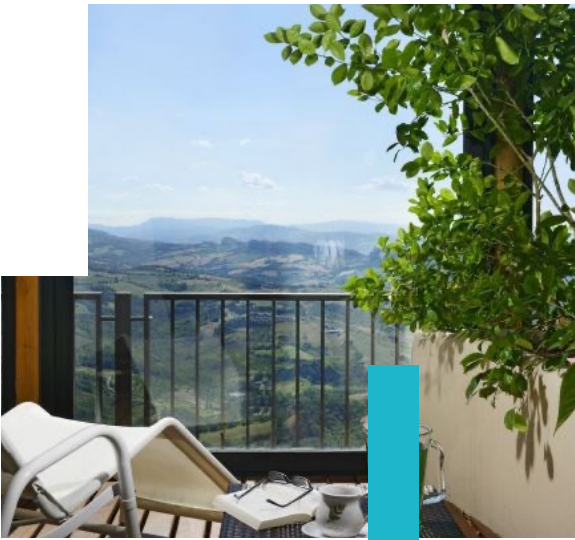

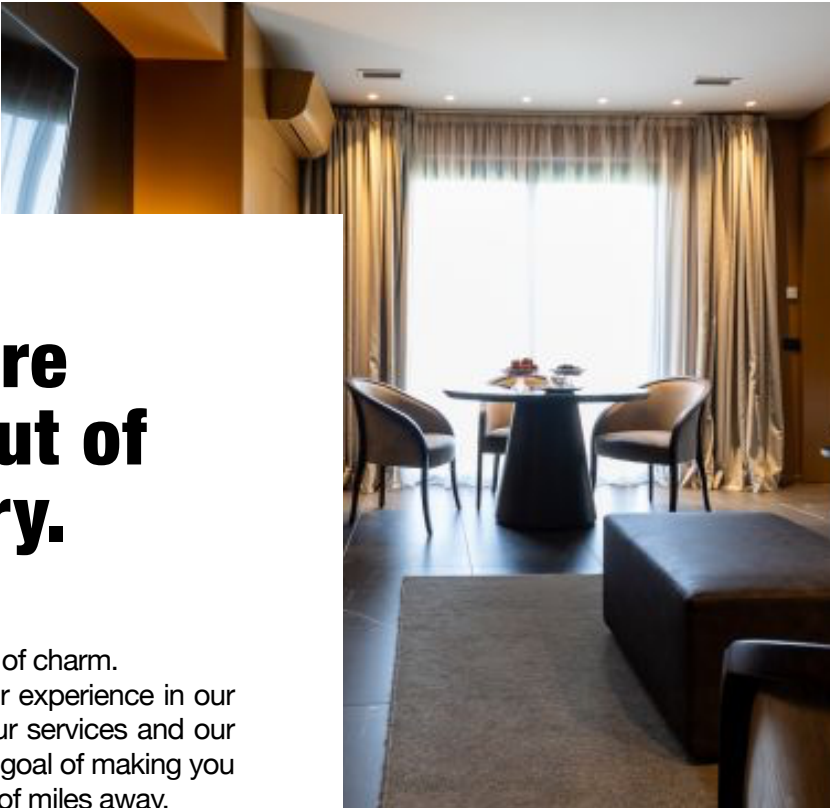

We design events in an ethical and sustainable way with a strong focus on the location in which they take place.

If you wish to organize an event, San Marino Welcome provides prestigious conference centers and exclusive meeting lounges. All these solutions can be adapted to audiences of different sizes and types.

Hospitality

The pleasure of a stay out of the ordinary.

A unique place with views full of charm.
We aim to excite and tell your experience in our
area through our creativity, our services and our
pursuit of excellence with the goal of making you
feel at home even thousands of miles away.

Incentive

Engage and reward while rediscovering the pleasure of being part of a team.

It all begins with a shared idea, the final result is an unforgettable experience tailored to your desires and budget.

An incentive trip to San Marino has the thrill of a hot-air balloon flight to admire the area and landscape from a different point of view or take a step back in time by riding a vintage motorcycle. For the more daring and dreamy, to fly on a fighter jet with an experienced flight instructor. But if you are hopelessly romantic the best suggestion is a tour on two wheels throughout the hills of Romagna and the ancient Republic of San Marino or a romantic dinner aboard a luxury yacht on the coast.
